TË FËMIJËVE E KOSOVËS

God gives power to the weak. And to those who have no might, He increases strength.

ISAIAH 40:29

## GREETINGS FROM KOSOVA METUSH & NORA KAJA

Thank you for taking time to read about what God is doing in Kosova!  
In this prayerletter we would like to include you in the plans we are making for this summer.

Dear partners of prayer,

It is such a joy to know that we have people like you praying for us and the ministry that we do! God is faithful as He promised us to never leave us. Having faithful prayer partners keeps us going in this battle called life. We are asking for special prayers, as this time we really are asking for God's wisdom for our future steps in our personal life, as well as in our ministry and service to the Lord.

The summer is approaching and we are looking forward to the 5- Day clubs and Camp ministries. As many of you know, we serve a lot of boys and girls the whole year round, and many children get to hear about Jesus only in these Good News Clubs. The children that we serve come from Muslim families or nominal Muslim families and these days we are seeing that some of the families are even Atheists. Especially this month we need extra prayers, as it is the month of Ramadan, and it is such a heavy atmosphere.

Even the nominal Muslims have become more spiritual (we can see from the actions and social media threats!)  
Pray for protection and peace in and around us.

It is always good to see some of the children every week and some once a month, because for now it is impossible to go weekly to all the places where they live, to have GNC (because of this we are praying and hoping that God will lead believers to have passion to come and serve together with us!)

BUT in a camp, when we have the children/youth for a longer time, we have seen way more results in their development and the way their lives are changed to live for Jesus! For most of the children/youth it is impossible to pay for the camp, so if you feel that you would be a part of changing their lives, please consider helping financially. This is the only way it will be possible for them to come!

Besnik L. is a person who owns lots of land in the mountains and he has kindly given us some land to use for the camps.

Besnik told us that he knows how it feels to not be able to work for a living as a child, and that he needed to leave the country because of his hard life conditions. He loves that we teach children biblical morals and love for our country! Brother Erik has kindly helped us with 3 tents (but now we are in need for the other equipment/stuff needed for the camp). This year is going to be different, as it is the first time we do camps in tents so we need special prayers and strength. We have some "mothers-volunteers" that will come to help with cooking and cleaning!

**These are the dates for the camps (the way we now plan, as we pray God provides for the finances) June 19- 23 YJC camp, June 26-30 children's camp, July 3-7 and 13- 23, August 28- 31**

Testimony:

Remember A.K, the teen we shared about in our last prayer letter? (we shared his testimony of how he tried to take his own life in the rehabilitation center, found Jesus and is now coming to the Youth Club) He is changing every day! Amazingly, now his parents are coming to our house and asking questions about our faith! A.'s father has even started to read the bible!

**Praise the Lord with us:**

That God is our strength  
That boys and girls are coming to our clubs even though some of them face resistance  
For the change in A.'s life and family

**Pray with us for:**

Health for the family  
Protection in travels and the villages we go to  
Financial help for the summer camps  
Financial help for the ministry and personal needs

*Thank you again for praying and serving with us. Because of your support we can reach our nation with the Gospel of Jesus! May He bless you abundantly.*

Much love from the Kaja's

Any gift for our support can be sent to 'Child Evangelism Fellowship Inc. (P.O. Box 348. Warrenton, MO 63383, USA, Metush & Nora Kaja is E2RK 4915) marked for 'Kaja - Kosovo NW'.

Thank you so much!
