## ***Dear brothers & sisters in Christ!***

Time passes so fast! Summer time is just around the corner!

As winter time has come to its end, I feel my heart full of joy and gratefulness for all the wonderful things that God did.

My work at our *CEF* office in Athens is creative and enjoyable! How can not be... It's all about children!

The children's Bible competition, by mail - although with less participants than the previous years, is still on, and the children keep on surprising me with their letters, their questions and their pure enthusiasm!

Besides that, I keep myself busy doing everything that has to be done in a *CEF*-office...

- doing all the typical secretarial work
- translating series of Bible lessons
- helping with preparations of the annual Children's Conference
- Welcoming, taking care and hosting guests
- helping with the preparations of the TCE seminaries
- (always!) Keeping our office clean & tidy

and all other errands outside the office (banking matters, mail, paying bills, buying supplies...etc)

There are so many reasons for thanking God daily. I would especially like to thank Him for having put in your hearts the desire to support this ministry by offering, but mostly, by praying!

Please keep on praying for us.

May God bless you all.

*Florentia Charitonidou*
